## The last word

in phones in 1915 took some shouting  
to carry your voice coast to coast,  
and the call cost over \$20.

Today you can almost hear a whisper,  
and the cost is only a whisper, too.

## TELEPHONE PLANNING for PRESENT and FUTURE NEEDS

If you're building or remodelling, plan for the telephone service you will want, both now and in the future. Provide for your needs while the walls are open. The telephone company will gladly help you plan ahead — whether for home or office.

## **"We're adding more Long Distance lines all the time"**

**LONG DISTANCE** lines are busier than ever and the number of calls is still increasing.

Though some calls are delayed, most are put through "while you hold the line." We are adding more cables and switchboards just as fast as possible

to make Long Distance service even speedier.

These additions, plus unseen technical improvements mean better service and greater value to you. Your telephone today gives you more for your money than ever before.

## FILLS THE BILL FOR EASY SHOPPING

**WHEN IS SHOPPING EASY?** When you know where to buy what you're looking for. The Yellow Pages of your telephone directory "fill the bill" for easy shopping — they give the name, address, and telephone number of the store or person who sells any product or service available in your town.

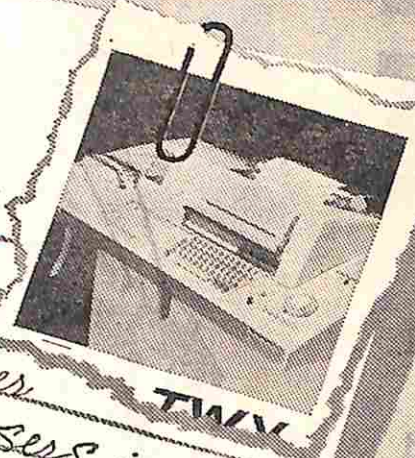

**TURN THROUGH THE YELLOW PAGES** of this directory. You'll see products and services listed in alphabetical order under bold-type headings. Then under each heading you'll find the firms that sell, rent, or repair that item. Some stores have ads that give information on brands they carry, store hours, deliveries, and special services.

**YES, THE YELLOW PAGES ARE EASY TO USE**—a big saver of time, money, and effort. Make the most of them. When in doubt about "where to buy it," always look first in the Yellow Pages.
