LONG DISTANCE SERVICES

To Place a Long Distance Call . . .

After reaching the Long Distance Operator, give her your call in this order:

1. The area code (if required) then the telephone number.
2. On person-to-person calls, include the name of the person you are calling.
3. If you don't know the number, give the name and address of the party you are calling.
4. When the operator asks for it, give your number.

FOR FASTER SERVICE — CALL BY NUMBER

It's Inexpensive to Call Long Distance . . .

The easier and more economical way to call is station-to-station. This means you will speak with anyone who answers at the called telephone. Charges begin when the called telephone is answered.

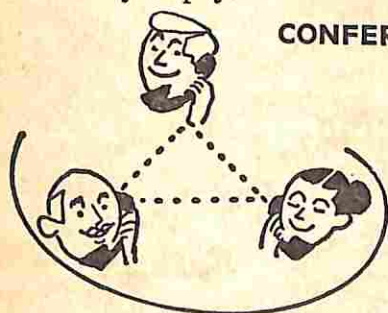

If you want to speak to a particular person, department or extension, you call person-to-person. Charges begin when the specified person, department or extension answers, and are slightly higher than station-to-station calls.

Long Distance is Fast . . .

Calls go through in seconds, particularly if you call by number; so if you'll stay on the line, you'll be able to start talking promptly.

Reduced Evening and Sunday Rates . . .

Low night rates are in effect from 6 p.m. to 4:30 a.m. weekdays and all day Sunday. Alberta time determines the rate you pay.

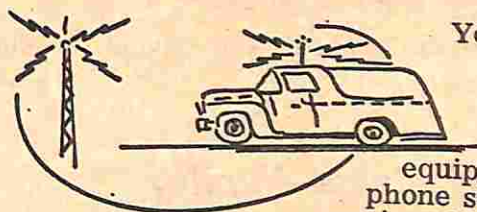

CONFERENCE CALLS

You can talk to several people in different places at the same time. Tell the Long Distance operator you wish to make a Conference Call.

COLLECT CALLS

If you wish the charges billed to the distant telephone, tell the operator **WHEN YOU PLACE THE CALL** that it is a "Collect" call. She can then determine whether someone at the distant telephone will accept the charge.

MOBILE AND MARINE SERVICE

You can also make local and long distance calls to automobiles and trucks

equipped for mobile telephone service; also to ships equipped for radio telephone

service. Ask long distance for the Mobile Service Operator or the Marine Operator.

OVERSEAS CALLS

Calls to practically all the world's telephones can be made from your telephone. Tell your Long Distance operator that you wish to make an Overseas Call and she will connect you with the Overseas operator.

Some typical weekday rates for a three-minute call are:

AUSTRALIA	} \$12.00	BAHAMAS	} \$9.00
BRAZIL		GREAT BRITAIN	
JAPAN		BERMUDA	
PHILIPPINES			

Reduced rates apply on calls to many countries during certain night hours and Sundays.

HELPFUL INFORMATION

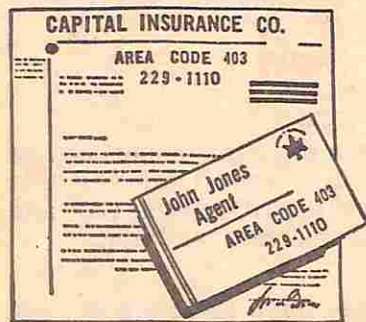

The "Beep" Tone

If you hear a short beep tone about every 15 seconds it indicates that the person with whom you are talking is recording your conversation by means of an electrical recording machine connected to the line. The "beep" signal is produced automatically by a device which connects the recorder to the telephone line and is provided by the Telephone Company for your protection.

If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect his recording machine. When he disconnects his recorder, the signal is no longer heard.

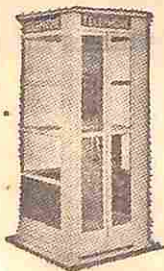

Use of a recorder without this signal is not permitted.

Your Business Number is Important

It's good business to make it easy for your customers to reach you. Include your telephone number on stationery, statements and all advertising material. Show the 403 Area Code too, it helps out - of - province parties call you faster.
