

Don't Dig Up Trouble . . .

When underground telephone cable is accidentally dug up or cut by power shovels, trenching or earth boring machines, bulldozers, pipe-pushers, or even by picks, bars or shovels—telephone, radio and television service may be disrupted for the whole neighborhood. That's why we ask—before you dig call TELEPHONE REPAIR SERVICE. We'll quickly locate and mark the location of the cable for you.

. . . Call Before You Dig!

ALBERTA GOVERNMENT TELEPHONES

**If your Telephone
sounds "dead"...**

**Wait for the
dial tone's
"go ahead"**

● There are more telephones today. More people are telephoning more than ever before. Sometimes there are too many calls for the central office dial switching equipment to handle at once.

When this occurs, there may be a short pause, after you pick up your telephone receiver, before you hear the steady

"hum-m-m" of the dial tone. But please wait for that "hum-m-m"! If you start to dial before you hear it, you'll get either a wrong number or no number at all.

You can help yourself to better service by always waiting for the dial tone before you start to dial.

THIS CLASSIFIED TELEPHONE DIRECTORY IS

Easy to use . . .

FOR YOUR CONVENIENCE a complete list of all business and professional telephone subscribers, throughout the community, appear in alphabetical order under the classification appropriate to their business, or the article or service they sell. The classifications, too, are in alphabetical order. You can find quickly and easily the Business, Service or Product you need.

1. When you want to buy something . . .

Suppose, for instance, a radio —
First look on the "R" pages for "Radio Sales, Service & Supplies."
Then pick out the dealer from whom you want to buy.
You can use the directory in the same way when you want to buy any one of thousands of other products or services.

2. When you want a dealer of a trade-marked product . . .

Suppose you want a dealer for a nationally known product, or service, such as an automobile —
First turn to "Automobile Agencies & Dealers—New Cars" on the "A" pages.
Then select the dealer from the list of those who sell or service the particular automobile you want.

3. When you have forgotten a business firm's name but do remember the address . . .

You may forget the name of a business establishment but remember their location.
For example you want a mover located on Second Avenue —
First turn to "Movers" on the "M" pages.
Then look for the familiar address.

4. Even when you know the name . . .

The classified directory will help you in looking for business names you know. Suppose you want to telephone Smith, the plumber. Plumbers are listed on the "P" pages under the classification "Plumbers & Gasfitters." You will find your Smith under "Plumbers & Gasfitters" more easily than searching the long list of Smiths which normally appear in the white pages of our directories.

For advertising information and rates concerning this directory
communicate with the Directory Department, Alberta Government
Telephones, Medicine Hat 527-3333

The Telephone Company assumes no liability for errors
or omissions occurring in the Classified Directory.
